

## **Supporting children with Special Educational Needs at Bewley Primary School**

At Bewley Primary School we strive to provide the best possible support to enable a child with Special Educational Needs to reach his/her full potential.

There are also lots of sources of information for parents/carers to enable them to support their child at home and at school. Here are some useful websites which provide a lot of valuable information for parents/ carers.

- **Stockton Borough Council's sources of information**

Parents can find more information about school's procedures for supporting children with additional needs in our SEN policy on this website. If you have concerns about your child, please talk to his or her class teacher. The SEN team at our school are Sheona Clift and Caroline Turner. We are always happy to meet and talk to parents about SEN issues and how we are able to meet the needs of your child in our school. We can also direct parents to other sources of more specialised support.
