## Article 28

You have the right to a good quality education. You should be encouraged to go to school to the highest level

We have had a busy start to the term, and the children have settled back into school, following the one-way system and getting used to their new staggered timetables. Unfortunately, due to COVID-19 we are unable to organise school trips or have visitors in school to support the children's learning but the staff are doing their best to ensure that the learning is exciting and incorporating as many practical activities as possible into the curriculum to replace school visits. Mrs Duncan.

### Parents Open Evening

We are unable to have the parents in school this term for the usual open evenings. However, your children will be receiving an interim report from their class teachers later in the term. The report will give a brief overview of how your child is performing in school and how they have settled into the new routines.

Of course, if you have any further questions, once you receive the report, please make an appointment to speak to your child's class teacher.

## School Clubs

*We are still unable to offer the usual afterschool clubs. However, this is constantly under review and will notify you when we are in a position to run clubs again.*

## Seesaw Learning Platform

We are pleased with the success of the new Seesaw learning platform and thank you for your support. Although this is presently being used just for homework, we know that as everyone becomes fully familiar with it, it will provide a powerful learning loop between students, teachers and families.

## Come As You Like Day

We are planning to do a "Come As You Like Day" on 23<sup>rd</sup> October. For a small donation, the children will be able to come to school dressed in "just as they like". The money raised will be in aid of the local foodbank and Breast Cancer month. More details will follow.

## COVID 19

The main symptoms of coronavirus are:

- a high temperature - this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough - this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24\_hours (if you usually have a cough, it may be worse than usual)
- a loss or change to your sense of smell or taste - this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Most people with coronavirus have at least 1 of these symptoms.
